

Table Prayer God's Word

Table Center

Family bible and candle

+ We Gather...

Begin by saying...

We gather in celebration of God's word today. Words are important means of communication for us. They can praise or hurt someone, sell or buy something, they can teach, nurture, and warn us. They can help us feel celebrated or put down. God sent Jesus as His Word to the world to show us the power of love and forgiveness. When we celebrate Eucharist, Jesus is as present to us in the scripture being proclaimed as he is in the consecrated bread and wine.

- What is your favorite Word of God/scripture passage or story?

+ We Tell the Story...

Invite someone to proclaim the Scripture reading...

Rain and snow fall from the sky. But they don't return without watering the earth that produces seeds to plant and grain to eat. That's how it is with my words. They don't return to me without doing everything I send them to do."
(Isaiah 55: 10-11)

+ We Bless and Break...

We pray...

Jesus Christ, Word of God, we believe in the power of your word to take root and bear fruit in our lives. As we break bread together, bless our hearts and minds to be open to your word. Bless this food before us, that we may be nurtured to live out your words in the world. Amen.
